漫画創作過程の中で、一番苦労するのはコンテ(ネーム)を創る時、というのはすべての漫画家の共通の意見だと思う。読者の皆さんにはピンと来ない事だろうが、緻密に描き込まれたペン入れよりも、リアルに削りを入れまくって重ねを施したトーンよりも、コンテは作者を苦しめるのだ。頭の中に有る作品を紙の上に吐き出す作業は、精神的なものを消耗する。漫画創作作業の中で唯一、時間では解決できない作業なのだ。でも、キライなわけじゃない。それは自分にとって新しい足跡を残せた瞬間だから。

Hey there!

If you're reading this, it means you've just randomly started reading a chapter in the middle of the series, or you've waited way too damn long for this release.

Well, you're reading this now and in my book, that makes you awesome-super-awesome the coolest person ever. Why? Because after all this time you're still reading our manga. Or you found it interesting enough to read this far and you're giving this manga a shot. No matter the reason, you're reading the results of our devotion and we love that. So thank you, new people and faithful followers!

We're back

That being said, we're also a little short-handed (gee, I wonder why?), so if you like to edit or translate, why not email us (tsuzukujinseio@gmail.com) or pop into the channel (#TJO on IRCHighWay.net) or forum (http://www.tjo.one-liners.net/Forum-TJo/) and introduce yourself? Or just hang out. We like that too

Thanks again!
